Every hour another person is diagnosed with multiple sclerosis. For 19,000 people in Southern California Chapters and some 400,000 nationwide, that hour has already arrived. Each case of multiple sclerosis, a chronic and often disabling disease, is as unique as the people who have it.

It's not easy to pinpoint the cause of multiple sclerosis and so far, the cure rests on continued research. This is why I am writing to you: I need your help, generosity and support! As a participant in the Bike MS: Vegas Challenge on (date), I am raising money so that the Southern California and Nevada Chapter of the National MS Society can continue to provide programs and services for families impacted by MS while funding vital research into the cause and cure the disease.

Please consider making a tax-deductible donation on my behalf to help me reach my fundraising goal. It's faster and easier than ever to support the fight against multiple sclerosis: online donations can be made simply by clicking on the link at the bottom of this message. You can also send a donation to me made payable to the National Multiple Sclerosis Society. Every dollar makes a difference. Join the Movement toward a world free of multiple sclerosis.
